

HORIZON^{HEALTH} and AGED CARE

HORIZON UTILITY

Horizon offers a versatile product that responds to the growing need for modern and functional healthcare products. With its superior ergonomics and deep foam cushioning the Horizon range offers a product ideal for extended use. In addition, its waterfall seat relieves pressure from the leg muscles, improving circulation and comfort.

The extra high back provides support to the patients upper back and shoulders, and when coupled with the adjustable headrest cushion, provides maximum comfort to minimise recovery time.

Horizon also offers a wide range of optional features to cater to your every need. Being optional, you can tailor the product and features for a specific function or even price point.

Horizon range has a weight rating of 180KG.
